

Basic09.

DEFINIZIONE DI PORTA.

COLLEZIONE BASIC 09®

“Basic09”, progettata, realizzata ed interamente prodotta negli stabilimenti produttivi ACEM è una porta dalla tecnologia nascosta e di design visibile.

Realizzata da ACEM - studioDesign è rivolta ad un target medio-alto e risponde all’esigenza del gusto contemporaneo.

La nuova Collezione “modulare” trae ispirazione dalla ricerca della semplicità naturale.

L’anta “gioca” con i disegni modulari del tranciato, garantito dal marchio verolegno.

Innovazione tecnologica, dettagli raffinati e la tradizione dei materiali naturali, sono i punti di forza di questa nona collezione ACEM.

BASIC 09® COLLECTION

“Basic09”, designed, developed and produced entirely in the ACEM production plants, this door features hidden technology and a visible design.

Developed by ACEM - studioDesign, it is targeted at a mid/top of the range clientele and caters for contemporary tastes.

The new “modular” collection draws inspiration from research into natural simplicity.

The door “plays” with the modular patterns of the cut wood, guaranteed by the “verolegno” mark.

Technological innovation, sophisticated details and the tradition of natural materials are the strong points of this ninth collection from ACEM.
